A 35-year-old fisherman of Sinazongwe (Zambia) has died after he was struck by lightning as he was preparing food near Lake Kariba.

Southern Province police commanding officer Lemmy Kajoba yesterday named the deceased as Alarm Sikanyolo of Kanyemba village in chief Mweemba's area.

Kajoba said the incident happened on Sunday around 17:00 hours as Sikanyolo was about to prepare food while his friends were fishing on Lake Kariba.
