

Malawi Cemetery Event

26 January 2017

Please receive the attached report 5 more people killed on the 26th January in Malawi.

Yesterday (sorry our yesterday) again on the 26th January at about 1245 Malawi time, 3 people were hit by lightning and 2 died on the spot one is in a comma. They were hit while digging a grave at a graveyard. This happened some 8 Km from Zomba City on the Zomba-Blantyre road. I and so many people were attending a funeral and the graveyard is some 400 meters away. so we heard a very loud bang and some minutes later people were running from the graveyard to tell people and ask for transport to rush the subjects to the hospital.

When we went to the graveyard for burial I noticed some burnt leaves of a tree. They were standing under this tree in a small forest. Surprisingly this happened right in the middle of the small forest.

i have asked the Chief of the area to allow us to go and interview them as soon as possible. This will be our first administration of the questionnaire that we have just finished preparing.

The temperature was about 27oC and it was cloudy and raining.
