**RE: APPRECIATION FOR THE INSTALLATION OF A LIGHTNING
PROTECTION SYSTEM AND COMMUNITY SENSITIZATION**

On behalf of the Lightning and Disaster Preparedness Committee and the entire Nkurungiro Baptist Church community, we wish to express our sincere appreciation for your generous support in installing the Lightning Protection System at our church and for conducting community sensitization on lightning safety.

We are particularly grateful for the commitment and professionalism demonstrated by the ACLENet team, especially Mr. Martin Omara and Eng. Tumuhimbise Isaac, who successfully carried out the installation works and educated pupils, teachers, church members, and the surrounding community on the causes, dangers, prevention, and mitigation of lightning incidents.

We believe that the installation of the Lightning Protection System, together with the awareness campaign, will significantly reduce the loss of lives and damage to property caused by lightning in our community.

We also take this opportunity to thank the Managing Director of ACLENet, the Office of the Prime Minister (OPM), and the Disaster Preparedness Committee for prioritizing our community. Before this intervention, lightning had claimed many lives and caused extensive destruction of property in our area.

Thank you once again for your kindness, generosity, and dedication to protecting vulnerable communities. We look forward to your continued partnership in promoting disaster preparedness and community safety.

Yours faithfully,

Rev. Sibomana Benjamin
